

## SYSTEM BENEFITS

Microfiber  
Technologies

A Division of Layflat

MICROFIBER TECHNOLOGIES, a division of LAYFLAT PRODUCTS, was developed to address the specific floor care needs of the healthcare market. LAYFLAT is dedicated to being the leader in microfiber cleaning system technology. Our unique line of products is designed to maximize the cleaning efficiencies of microfiber in the most cost effective way possible.

## WHAT MAKES MICROFIBER TECHNOLOGIES AND LAYFLAT DIFFERENT?

- Dedicated Division:** Layflat's commitment to the healthcare industry is evidenced by the development of its healthcare division, Microfiber Technologies.
- Staff R.N.'s:** Microfiber Technologies has two certified R.N.'s on staff to consult with customers, assist in answering questions, make headquarter calls, and to assist Layflat in acquiring the most up to date information and cleaning requirements in the healthcare field.
- Product Differentiation:** Layflat offers a wide variety of products that are designed to maximize results and minimize costs. We offer several unique products designed to provide a complete floor care program.
- Product Development:** Layflat does not simply choose a product to sell; we have a hand in the design of all of our microfiber products.
- Education:** Education is the key to a successful microfiber program. Through Microfiber Technologies, Layflat will provide extensive training and education seminars.
- Programs:** Through a national partnership, Layflat can offer several options including purchase or rental.

**A Microfiber Traditional Style Dust Mops**

UPC Case Code	Size	Pack CS	Weight CS	Cube
LFCB18	18"	12	5 lb	.34
LFCB24	24"	12	6 lb	.34
LFCB36	36"	12	9 lb	.34
LFCB48	48"	12	11 lb	.34
LFCB60	60"	12	14 lb	.34

Now you can have the cleaning benefits of micro fiber without having to replace standard frames and handles. Our poly/canvas backed microfiber mops attract and hold dust that cotton mops leave behind. These mops have a poly/canvas backing which is color coded by size. The backing is an envelope style which eliminates problems created by ties or snaps. Extra padding in the mop allows for complete surface contact. The mop attracts dust electrostatically and requires no treatment. It has a 100% micro fiber fringe in order to pick up larger particles of dust and trash. Available in 18", 24", 36", 48", and 60" sizes.

**B Microfiber Velcro Dust Mops**

UPC Case Code	Size	Pack CS	Weight CS	Cube
LFFD18	18"	12	2.4 lb	.34
LFFD24	24"	12	2.9 lb	.34
LFFD36	36"	12	4.8 lb	.34

In addition to being constructed of traditional cut end microfiber, we also designed a 100% micro fiber fringe in order to pick up larger particles of dust and trash. The mop attracts dust electrostatically and requires no treatment. It provides lint free cleaning and is available in 18", 24", 36", and 48" sizes. Mop adapts to the Velcro frame which is also used for the wet mops.

**C Microfiber Wet Mops**

UPC Case Code	Size	Pack CS	Weight CS	Cube
LFWM18	18"	12	2.9 lb	.34

Layflat's cut-end design provides superior cleaning vs looped-end products. The cut-end design allows more surface contact, which creates a scrubbing action. Layflat's wet mops have an additional layer of microfiber for fluid retention vs a layer of foam, making it more bacteria resistant. Available in 18" and 24" sizes in blue, red, green, and yellow. Excellent launderability.

**D Microfiber Towels**

UPC Case Code	Size	Pack CS	Weight CS	Cube
LFK100	16" x 16"	12	2 lb	.20
LFK300	16" x 16"	12	2 lb	.20
LFK400	16" x 16"	12	2 lb	.20
LFK500	16" x 16"	12	2 lb	.20

Layflat's 16" x 16" microfiber towels provide excellent lint-free cleaning for any surface, including counter tops, porcelain, chrome, glass, and wood. The towels are color-coded and can be used for general purpose cleaning. The blue suede towel is specially designed and knitted for cleaning glass and mirrors. All towels attract and trap dirt and dust, and can be laundered extensively. They are available in pink, green, and blue terry.

## Microfiber Wedge Mop **E**

The microfiber wedge mop was designed to be an economical replacement for the traditional cotton wedge mop. Like our dust mops, it contains a micro fiber fringe which increases its cleaning benefits. Because it is lint-free, it makes an excellent spot duster and wall washer. Extra padding allows complete surface contact. Also available in complete units including pad, frame, and telescoping handle.

UPC Case Code	Size	Pack CS	Weight CS	Cube
WDGMHD	13" x 16"	12	3 lb	.6
WDGFRM	6" x 8"	12	3.5 lb	.6
WDGHDL	30"-53"	12	8.25 lb	.45
WDGCOM	13" x 40"	1	1.5 lb	.25

## High Duster **F**

A multi use tool designed to clean hard to reach areas such as overhead pipes, ledges, ceiling fans, and behind furniture. A stainless steel sword embedded in foam can be bent in any shape. A snap connection allows quick transfer to an adjustable handle to permit high dusting.

UPC Case Code	Size	Pack CS	Weight CS	Cube
HDFRM	28" X 3"	12	4.5 lb	.5
HDCOVR	22" x 3"	12	1 lb	.16
HDCOMP	28" x 3"	12	6 lb.	.5

## Microfiber Gloves / Mitts **G**

Available in 4 styles, these microfiber gloves and mitts are excellent for surface dusting and cleaning. They can be used where lint-free cleaning is important. All styles can be laundered.

UPC Case Code	Size	Pack CS	Weight CS	Cube
LFPGLV	Standard	1	1.3 oz	.05
LFSGLV	Standard	1	1.4 oz	.05
LFRMIT	Standard	1	2.9 oz	.03
*LFSMIT	Standard	1	2.4 oz	.03

\*with foam

## Microfiber Carpet Bonnets **H**

Our microfiber carpet bonnets are designed for durable, deep cleaning of carpet. The microfiber grabs the dirt and traps it in the fibers. The bonnets are very absorbent which allows the carpet to dry more quickly. Can be laundered and are available in 19".

UPC Case Code	Size	Pack CS	Weight CS	Cube
BKL19	19"	6	6 lb.	1.39

**I Microfiber Handles and Bases**

UPC Case Code	Size	Pack CS	Weight CS	Cube
LFS100	33"-72"	1	.75 lb	.50
LFMB18	for 18" pad	1	.50 lb	.25
LFMB24	for 24" pad	1	.75 lb	.35
LFMB36	for 36" pad	1	1.00 lb	.45

Constructed from lightweight aluminum, our telescopic handles are adjustable from 33 to 72 inches. Our bases attach to the wet or dust pads by traditional Velcro surface. Bases can swivel or lock to provide a greater range of uses, and are available in 18", 24", and 36" sizes.

**J Bucketless Handles**

UPC Case Code	Type	Pack CS	Weight CS	Cube
BKLS18	18" mopping system	1	5 lbs.	1.38
BKLS24	24" mopping system	1	5.5 lbs	1.38

Our bucketless handles are designed to reduce the number of trips to the bucket. Each handle contains a canister which holds and dispenses water or chemicals. The fluid is released by a trigger on the handle and is then gravity fed onto the floor. Available in 18" and 24" sizes.

**K Buckets**

UPC Case Code	Size	Pack CS	Weight CS	Cube
LF128A	6 gal.	1	3 lb	1.46

Layflat offers buckets for Microfiber applications. Constructed of durable plastic, the buckets are available with a screen for light wringing, as well as wheels for easier maneuverability.

# Microfiber Technologies is dedicated to healthcare

Experience the Layflat difference  
and let us show you how microfiber can:

Reduce cross contamination

Reduce chemical costs associated with mopping

Reduce water consumption

Reduce worker's comp claims

Reduce labor costs
